Accolades | June 27, 2025

Bloomberg Law

Partner Michele Maryott has been named as a recipient of *Bloomberg Law*'s inaugural "Unrivaled" award, which celebrates the "trial lawyers who lead the legal profession in high-stakes and impactful trials and settlements." Michele shared with the publication that her experience participating in a jury trial as a second-year associate solidified her passion for trial law. "I loved digging into the facts, understanding what happened and why, and then figuring out how to draw from the common human experience to tell the story in a way that would resonate with jurors." She added, "I believed so strongly that our client had done the right thing. There was no question for me that I wanted to be a trial lawyer after that experience." Michele is Partner-in-Charge of our Orange County office and Co-Chair of our Trials Practice Group.
