Turnarounds & Workouts

---

Six of Gibson Dunn's business restructuring and reorganization matters were recognized as "Successful Restructurings of 2023" by *Turnarounds & Workouts*: the restructurings of Cyxtera Technologies, Inc., Envision Healthcare Corp., Mallinckrodt Pharmaceuticals, National Cinemedia LLLC, Serta Simmons Bedding, LLC, and Venator Materials PLC. The list was published in the January 2024 issue. Gibson Dunn's Business Restructuring and Reorganization Practice Group advises companies in financial distress, their creditors and investors, and parties interested in acquiring assets from companies in distress. We also guide hedge funds, private equity firms and financial institutions investing in distressed debt and/or equity through the restructuring and bankruptcy process. Our group excels in the innovative use of Chapter 11 of the U.S. Bankruptcy Code to implement restructuring of highly complicated, multijurisdictional, non-U.S. companies. We regularly represent individual creditors, ad hoc committees and official creditors' committees in the largest and most complex out-of-court restructurings and Chapter 11 bankruptcy cases.
