Financier Worldwide has named partner William Hallatt to its Power Players: Financial Services Regulation 2025 – Distinguished Advisers list, recognizing his influential role in shaping the future of financial regulation in AI, FinTech, and digital assets.

William told the publication that first class client service means proactively saving them time, anticipating their needs, and clarifying expectations from both sides. “Ultimately trust is proven in those critical moments, when things go wrong and the client reaches out, you know you have become their trusted adviser. That’s why I always pick up the phone; being there when it matters most is the hallmark of trust.”

William is Co-Chair of the Financial Regulatory Practice Group and head of the Asia-Pacific Financial Regulatory Practice Group.
