

COVID-19 UK Weekly Webinar – June 15, 2020

Webcasts | June 15, 2020

The COVID-19 pandemic is undoubtedly the biggest public health crisis of our times. Like many other countries, the UK Government has exercised broad powers and passed new laws that impact how we do business and interact as a society.

To address the pandemic, the Government announced several sweeping regulations and ushered through the Coronavirus Act 2020. These actions have a broad impact on law, public policy and daily life, impacting areas including health, social welfare, commerce, trade, competition, employment and the free movement of people.

Join our team of Gibson Dunn London lawyers, led by partner and former Lord Chancellor Charlie Falconer QC, for a discussion of these changes and to answer your questions on how they will affect British businesses and community, including the impact on new and ongoing business relationships.

In this webinar we will cover:

- The new travel quarantine rules, current and potential exceptions, and the airline industry's court challenge
- Novel approaches to dealing with legal disputes during and arising from the crisis, including negotiated solutions and alternative dispute resolution mechanisms

We want to hear from you about the impacts the current measures and conditions are having on your business and the legal issues you are facing. We therefore welcome suggested topics, as well as questions in advance of each webinar, to ensure that we can address issues relevant to your business.

?
