Daily Journal

The *Daily Journal* has reported on Gibson Dunn's significant victory on behalf of our client Western Digital in a patent infringement case brought by SPEX Technologies (SPEX). The U.S. District Court for the Central District of California overturned a previous jury verdict that had awarded SPEX more than $550 million and replaced it with nominal damages of $1.

Our team representing Western Digital included partners Daniel Thomasch, Kieran Kieckhefer, Jason Lo, and Stuart Rosenberg; of counsel Frank Coté; counsel Ahmed ElDessouki; and associates Darish Huynh, Isaac Rottman, Lillian Mao, Yan Zhao, and Eleni Ingram.
