

Federico Fruhbeck Appears on PEI Infrastructure Investor's "Critical Load: Inside the Data Centre Boom" Podcast Series

In the Media | August 25, 2026

Infrastructure Investor

Partner Federico Fruhbeck Jr. is a featured speaker on *PEI Infrastructure Investor's* four-part "Critical Load: Inside the Data Centre Boom" podcast series, which "lifts the lid on one of the hottest and most contested sectors in private markets." The first episode goes behind the scenes of Infrastructure Investor Network's Global Summit, sets the stage with an explanation of what these facilities are, establishes the scale of the data center boom, and presents some staggering investment statistics.

Listen to the first episode on the [PEI Infrastructure Investor website](#) (registration required).
