Firm News | February 2, 2026

Gibson Dunn advised Apollo Capital Management, L.P. and Apollo Global Securities, LLC (collectively, Apollo) in connection with the financing for the take-private of Soho House & Co Inc. (Soho House), an international private members' club. Funds managed by affiliates of Apollo provided capital in the form of a \$695 million senior secured OpCo notes facility, a \$220 million senior HoldCo notes facility (a portion of which was provided by another investor), and a common equity investment, the proceeds of which were used to refinance certain of Soho House's existing indebtedness and also fund, in part, the take-private transaction. The take-private transaction has an implied \$2.7 billion enterprise value.

Our corporate team was led by the firm's Head of Hybrid Capital, partner Michael Saliba, and included associates James Sullivan, Lily Paulson Stephens, Melody Karmana, and Storey Wanglee. Partners Jennifer Sabin, Sandy Bhogal, and James Chandler advised on tax aspects of the transactions. Partner David Irvine and associates Charles Kim, Yinn Lim, and Olwethuthando Ndlovu advised on U.K. law matters. Partner Sebastian Schoon, of counsel Daniel Rogits, and associate Laura Kylmänen advised on German law matters.
