GIBSON DUNN

Gibson Dunn Advised Velaris Therapeutics on Sale to Alaunos Therapeutics and Concurrent Private Placement

Firm News | October 13, 2026

Gibson Dunn advised Velaris Therapeutics, a privately held biotechnology company advancing a pipeline of potentially transformative therapies for pulmonary arterial hypertension and related cardiopulmonary diseases, on its sale to Alaunos Therapeutics and on a concurrent private placement expected to fund the combined company's operations into 2029.

The firm's corporate team included partners Ryan Murr, Branden Berns, and Melanie Neary and of counsel Evan Shepherd.
