

Gibson Dunn Advises AIP Management on Its Investment in Silicon Ranch Corporation

Firm News | April 4, 2025

Gibson Dunn is advising AIP Management on its agreement to invest in Silicon Ranch Corporation, one of the largest independent power producers and developers of utility-scale energy infrastructure projects in the U.S. Silicon Ranch's portfolio includes 3.6 GW of operating capacity, 3.7 GW in construction or under contract, and a near- and mid-term development pipeline of more than 12 GW. Under the agreement, AIP will join an existing shareholder group including Shell, Manulife Investment Management, and TD Asset Management. The Gibson Dunn corporate team is led by partner Nick Politan and includes of counsels Ata Dinlenc and Jessica Basil and associates George Hang and Vlad Zinovyev. Partner Michael Cannon and associates Josiah Bethards and Nathan Sauers are advising on tax; partner William Hollaway and senior counsel Janine Durand on energy regulatory matters; partner Michael Murphy on environmental matters; partner Michael Collins on employment; counsel Andrew Cline and of counsel Michelle Weinbaum on antitrust and foreign investment; associate Lauren Traina on real estate; and associate Matthew Goldstein on offtake and other commercial arrangements.
