The Texas Lawbook

The Texas Lawbook calls Gibson Dunn one of the “top tier of law firms that dominate the M&A stats from every angle” following the release of its Corporate Deal Tracker for 1H 2026 M&A. We are one of only four firms to place in the top 10 in all four core measures.

The firm ranked first in deal value for Texas-led deals at \$391.4 billion, double the nearest competitor. We also led the pack in Texas-related deals by value while ranking highly in Texas-led and Texas-related deals by deal count.
