

Gibson Dunn Celebrates Pro Bono Week

Pro Bono | October 24, 2025

Gibson Dunn joins the broader legal community in celebrating Pro Bono Week. During this week we recognize the incredible work of our lawyers on behalf of their pro bono clients, while also acknowledging our continued professional obligation to use our unique skillsets to enhance access to justice for the most marginalized members of our communities. This year, it has been inspiring to see lawyers across the firm answer the call to service by taking on pro bono matters large and small. From impact litigation to nonprofit advice work to one-day clinics, these matters change lives and help everyone — not just the privileged few — access the justice system and exercise their rights. Lawyers across the firm have dedicated more than 184,000 hours to pro bono work this year, putting us on pace for our highest-ever pro bono totals.
