GIBSON DUNN

Gibson Dunn Hires Former Blackstone Europe Real Estate Lawyer Angus Lennox

Firm News | July 20, 2026

Gibson Dunn announced today that private equity and M&A partner Angus Lennox has joined the Real Estate Practice Group in London as the firm builds on its pan-European growth.

Angus' practice involves advising financial sponsor clients on cross-border M&A, joint ventures, restructurings, and platform deals. He regularly advises on some of the most significant real estate transactions in Europe, bringing a deep combination of experience from his time in private practice and as a Managing Director in Blackstone Europe's Real Estate Group.

The appointment underscores Gibson Dunn's continued investment in its premier real estate platform, with a particular focus on expanding its equity-side offering in London and Europe.

"Extending our real estate capabilities in London—across both debt and equity—is a clear strategic priority for the firm," said Eric Feuerstein, Co-Chair of Gibson Dunn's Real Estate Practice Group. "Angus is an exceptional addition. He has a wealth of experience leading some of the largest transactions in the market and is uniquely positioned to advise our clients on their most complex and strategically important initiatives. Angus's arrival enhances our position as the go-to firm for complex real estate M&A and take-private work and as a market-leading equity platform in Europe."

Angus joins a London Real Estate team that continues to expand across both debt and equity. On the debt side, the firm added leading finance partners Rob Carr and, most recently, Mark Manson-Bahr. On the equity side, the team added Hayden Cameron and Chris Slack, bringing significant depth in fund-related real estate transactions, including secondaries and continuation vehicles.

About Angus Lennox

Prior to joining Gibson Dunn, Angus practiced at another international law firm and previously worked at Blackstone as a Managing Director in the European Real Estate business, where he oversaw some of the largest real estate transactions in Europe.
