Gibson Dunn is proud to have joined Veritas Capital in helping raise \$1 million for the Garden of Dreams Foundation through the New York Knicks' NBA Finals fundraising initiative.

The Foundation works with children facing challenges such as illness, homelessness, poverty, and foster care throughout the tri-state area.

"Advocating for underserved youth has been a longstanding part of our firm's pro bono work, and this is a special moment to see that commitment extend into the Knicks community—and benefit the next generation of fans," said Barbara Becker, Chair and Managing Partner of Gibson Dunn.
