GIBSON DUNN

Gibson Dunn Receives Exceptional Service Award at American Bar Association Death Penalty Representation Project's Volunteer Recognition and Awards Program

Accolades | September 23, 2026

Gibson Dunn was honored with the Exceptional Service Award at the American Bar Association Death Penalty Representation Project's Volunteer Recognition and Awards program. We were recognized for our commitment to capital defense pro bono clients. Among other efforts, the firm has mounted a multi-year, multi-state public records initiative examining how lethal injection is carried out in the United States.

The ABA Death Penalty Representation Project works to ensure that everyone facing a death sentence has qualified counsel by locating and supporting law firms that take on pro bono cases and advocating for due process.
