Law360

Gibson Dunn has topped the *Law360* 2025 Pulse Leaderboard, earning the #1 spot “by building and maintaining an elite reputation, demonstrating a meaningful commitment to social impact, and leading complex matters across jurisdictions.” This honor reflects the firm’s Social Impact Leaders and Prestige Leaders rankings, combined with *Law360*’s evaluation of our involvement in “high-profile litigation and transaction work.” In addition, we ranked second in *Law360*’s 2025 Practice Footprint rankings, which highlight firms that “left a clear mark across federal district courts.” Rankings are based on firms’ relative performance in four categories: geographic reach in litigation, litigation volume across 10 practice areas, completed public deal value, and completed offerings value.
