Pierre-Emmanuel Fender is a partner in the Paris office of Gibson Dunn and a member of the firm's Environmental, Social and Governance (ESG), Litigation, and Business Restructuring & Reorganization Practice Groups.

Pierre-Emmanuel specializes in complex cross-border restructurings and French pre-insolvency and insolvency matters. He regularly advises investors on the management or acquisition of defaulting entities, distressed companies undergoing insolvency proceedings, and creditors — including banks and CLOs — for the recovery of their receivables and the protection of their securities.

Pierre-Emmanuel's practice also focuses on resolving complex disputes through litigation proceedings, primarily in an international context. He is involved in a broad range of general commercial disputes (contract and liability) and corporate litigation (such as shareholder disputes, enforcement of warranties, and takeovers of distressed companies) in various business sectors including aeronautics, insurance, finance, and healthcare, among others.

He co-leads the ESG practice in Paris, providing holistic advice to clients in relation to their corporate responsibility and ESG risks and opportunities, while also preparing them for potential litigation in France.

Pierre-Emmanuel is recommended by *Chambers Europe* in its Restructuring/Insolvency category. Clients report that he "is a very good support and a real expert" ; "an excellent technician" ; "he is very precise, easy to work with, technical and a hard worker."
