Singapore

Claude Jiang is an of counsel in the Singapore office of Gibson, Dunn & Crutcher. He is a member of the firm's Projects & Infrastructure, Power and Renewables, and Finance Practice Groups. His practice focuses on energy and infrastructure related project development and finance.

Claude has extensive experience working on both the project side and the financing side of transactions and has been involved in a variety of transactions from different project aspects including traditional project financing, structuring for projects without a financing component, project-related M&A as well as project-based bond offerings. Recently, he has concentrated on energy transition/renewables and assorted infrastructure projects while leading cross-border and cross-practice teams on several large-scale transactions.

Claude is recognized as a "Rising Star" for Projects in Singapore and is also recommended as a key lawyer for Banking and Finance in Singapore by *The Legal 500 Asia Pacific* 2024. He was named Project Finance Lawyer of the Year – China by the *Finance Monthly Magazine* in 2017. Prior to joining Gibson Dunn, Claude was with his previous firm's project development and finance team for 13 years based in Singapore and Shanghai, and he was an associate in the project finance team of a leading international firm for 4 years.

Claude received his Master of Laws from the Indiana University School of Law in 2007 and earned his Bachelor of Laws from the Nanjing University in 2006. He is admitted to practice in the State of New York and is qualified to practice in China. He is fluent in English and Mandarin.

Representative Experience*

- Cathay Life as investor on its project financing of the 20-year US\$1.6 billion stapled financing for the 583 MW Greater Changhua 4 offshore wind project in Taiwan with a total project cost of approximately €3 billion. It is the first offshore wind financing guaranteed by the National Credit Guarantee Administration, and the first time that state-owned First Commercial Bank has taken the role as an export-import bank (T-Exim) facility agent in an offshore wind financing project. Awarded "APAC Power Deal of the Year" at the PFI Awards 2024
- Abu Dhabi Commercial Bank, The Hong Kong Mortgage Corporation, and Emirates NBD Bank on the refinancing of the 200 MW Shuaa Energy 1 solar independent power project in Dubai. The Shuaa Energy 1 project was Dubai's first independent power plant — with an investment of over AED1.2 billion — and is critical to Dubai's Clean Energy Strategy 2050. The existing commercial and Islamic facilities were refinanced and replaced by green commercial facilities and a green project bond. The issuance of the US\$70 million in senior notes by Shuaa Energy 1 PSC is the first green project bond in the UAE

Capabilities

Projects
Energy and Infrastructure
Finance
Infrastructure
Oil and Gas
