T: +44 20 7071 4176

London

Chris Puttock is an associate in the London office of Gibson Dunn and a member of the firm's Strategic Sourcing and Commercial Transactions, Technology Transactions, and Privacy, Cybersecurity, and Data Innovation Practice Groups.

Chris brings expertise in negotiating and structuring strategically important technology-driven transactions, including advising clients across a range of industry sectors on the negotiation of IT and business process outsourcing projects; cross-border licensing, manufacturing, and supply arrangements; and software development and licensing arrangements. Chris has experience advising clients on the technology, data, and intellectual property aspects of corporate transactions, including the structuring and negotiation of ancillary transitional arrangements to support business continuity in complex carve-out transactions. Chris also advises clients on data protection and privacy matters, including in relation to various technology transactions and commercial arrangements, and providing business-focused regulatory counselling in relation to online and technology products.
