Sonja Ruttmann is a partner in the Munich office of Gibson Dunn. She is a member of its Mergers and Acquisitions, Business Restructuring and Reorganization, Private Equity, and Capital Markets Practice Groups.

Sonja specializes in private and public M&A, corporate law, and private equity and has advised on many complex domestic and international cross-border mergers and acquisitions including formation and dissolution of joint ventures and carve-out scenarios as well as private equity and venture capital transactions. She represents clients, public and private, in auctions, asset, and share deals as well as mergers across a broad range of sectors, including in particular in the fields of automotive (including autonomous driving), technology and engineering, capital markets, energy and infrastructure, as well as digital security and cybersecurity.

She further advises on stock corporation and capital markets law. Her work includes advising management and supervisory boards, also with regard to corporate governance issues. Another focus of her work is advising on foreign trade issues and investment control laws where she has advised various German, American and Chinese clients and guided them through the administrative process.

Chambers Global and *Chambers Germany* 2026 recognized Sonja for Corporate/M&A – High-end Capability, with clients stating that she is "very quick and intelligent and understands the business quickly". *The Legal 500 Deutschland* 2026 and *The Legal 500 EMEA* 2025 recommended her in the categories Corporate, M&A, Private Equity and Foreign Trade Law and cite references describing her as providing "very understandable advice even on operational issues, very competent. All-round advice and taking responsibility for the issues," and saying that "Sonja Ruttmann has an excellent understanding of our industry. Her approach is pragmatic and efficient. Excellent negotiating skills." In 2025, Sonja was again recognized by *WirtschaftsWoche* as one of the Top Lawyers in M&A in Germany. The *JUVE Handbook* 2025/2026 recognized her in the transactional field.

Her experience includes advising:

- Bosch, inter alia in connection with
 - the disposal of its worldwide automotive steering and transmission pump business to Fidelium Partners
 - the acquisition of BSH from Siemens (€3 billion) and the dissolution of the corresponding joint venture
 - the acquisition of ZF steering business from ZF and the dissolution of the corresponding joint venture
 - the disposal of the global wind turbines and large gears by Bosch Rexroth

Sonja is a member of Gibson Dunn's Diversity Committee. She was recently seconded to the firm's New York office. Prior to joining Gibson Dunn, Sonja worked at another major international law firm in Munich and gained in house experience on her secondment to the legal department of one of the world's leading global engineering and technology firms.

Sonja is co-author of Hölters/Weber "Kommentar zum Aktiengesetz", 5th edition 2024, and of Breyer/Najdecki "Beck'sches Formularbuch GmbH-Recht", 2nd edition 2024, on the chapters about the supervisory board in a limited liability company and on joint ventures. She regularly publishes articles in M&A magazines and client alerts on investment control and corporate law aspects.

Sonja studied law at the Ludwig Maximilian University of Munich and has been admitted as a German lawyer (*Rechtsanwältin*) since 2010. A native German speaker, she is fluent in English and speaks French as well as Spanish.
