London

Ben's practice is focused on the development and financing of complex, large-scale energy and infrastructure projects, with a particular focus on energy transition, conventional power and water, and oil and gas projects. He regularly advises both sponsors and lenders on innovative, "first-in-kind" projects and has worked with the leading clients in the energy sector in Europe, the Middle East, and Asia.

He received his Bachelor of Arts from the University of Cambridge and is admitted as a solicitor in England and Wales. He is ranked in *Chambers UK* 2024 for Projects, *Chambers Asia-Pacific* 2024 for Vietnam - projects, infrastructure and energy and for the past decade he has been consistently ranked in *Chambers Global* for projects, infrastructure and energy. Ben has been recognised by *The Legal 500 UK* 2024 for Power (including Electricity, Nuclear and Renewables). He is twice a *Law360* MVP winner for Project Finance.

Ben was at his previous firm for 23 years, where he served as Global Project Development & Finance Practice Group Leader.

### Selected experience\*:

#### Energy Transition

- NEOM Company, Saudi Arabia's new city gigaproject development company, on a \$6.5 billion green energy joint venture with ACWA Power and Air Products that will incorporate the region's largest wind and solar renewables production projects (4 GW in total), more than 400 MW of battery storage and a ground-breaking green hydrogen /green ammonia export project.
