Matt Axelrod Quoted by POLITICO on Lack of Senate-Confirmed Leaders in the DOJ

In the Media | November 16, 2026

Politico

Parter Matt Axelrod is quoted in POLITICO's "Trump's DOJ is Running Short on Senate-Confirmed Leaders." He commented that it is highly unusual for there to be a dearth of Senate-confirmed leaders in the middle of a presidency. "It is more typical at the beginning or the end of an administration to have a building full of acting officials," he said. "It's exceedingly rare for that to happen in the middle of an administration."
