Original Jurisdiction

Partner Orin Snyder, Co-Chair of our Trials Practice Group and a member of the firm's Executive Committee, recently joined David Lat on the *Original Jurisdiction* podcast to discuss his career path, Gibson Dunn's market-leading litigation platform, and what it's like representing some of the world's most iconic figures.

Reflecting on his work with artists and innovators, Orin shared:

"I have been proximate to genius. I have seen up close, represented, and helped advance the careers of luminaries who have literally shaped our culture—whether it's Bob Dylan, Jerry Seinfeld, Lady Gaga, or many others. It's an absolute privilege and an incredible mirror, because through proximity to genius, you see the world through their eyes."

He also offered valuable career advice for lawyers:

"Be yourself. Be proud and be confident that you should act in the world and in your practice with authenticity. Find your own voice. You don't need to be someone you're not."
