Partner Quinton Farrar Discusses Dealmaking Strategy Amid Trade Uncertainty with Law360

In the Media | May 29, 2025

Law360

Speaking to *Law360*, partner Quinton C. Farrar has shared insights into how rising geopolitical tensions and trade uncertainty are reshaping private equity dealmaking strategies. “Tariff policies and the corresponding threats to global trade have made companies with even modest tariff exposure difficult to price,” he explained.

Quinton added that the recent market turbulence has prompted a more cautious and technical approach. “Deals that are actually getting done are often taking longer and involve significant structure.”
