

Webcast: World Bank Enforcement Initiatives

Webcasts | January 14, 2026

Multilateral Development Banks, such as The World Bank, the Inter-American Development Bank, and Asian Development Bank, have robust enforcement processes to police fraud, corruption, and related sanctionable practices in MDB-funded projects. MDBs have powerful investigative, auditing, and sanctioning tools at their disposal, which can result in significant penalties against individuals and companies. These penalties can be financially devastating for companies – including being debarred from working on any MDB-funded projects anywhere in the world for a single violation on an MDB-funded project. This recorded webcast explores recent trends in MDB enforcement and provides tips on how to manage MDB enforcement risk.
