Who's Who Legal

Three Gibson Dunn partners were featured by *Who's Who Legal* in its Project Finance 2021 guide. New York partner Tomer Pinkusiewicz was recommended as a Global Elite Thought Leader. New York partner Nicholas Politan and Singapore partner Brad Roach were also recognized. The guide was published in April 2021.

For nearly three decades, Gibson Dunn has maintained a leading Projects and Infrastructure Practice Group, with experience in more than 60 countries and an in-depth knowledge of the industrial, commercial, financial and political issues that are inherent in the development, financing, construction and operation of major domestic and international projects and infrastructure facilities. The group has been widely recognized among the top project finance and public-private partnership (PPP) practices worldwide. Our team has been involved in the procurement, development and financing of major infrastructure projects, including toll roads, airports, ports, pipelines, water and waste-water projects, stadiums, parking facilities and other public use facilities. We represent sponsors and developers, governments and public agencies, contractors, commercial and investment banks, institutional investors and equipment suppliers in connection with all aspects of project development.
