Gibson Dunn Partner Finishes 3rd NYC Marathon For Charity

Law360 (November 10, 2026, 3:24 PM EST) -- Gibson Dunn & Crutcher LLP partner Kate Timmerman recently completed her third New York City Marathon to raise money for The Bowery Mission, a nonprofit serving New Yorkers experiencing homelessness and hunger.

For Timmerman, a partner in the firm's investment funds practice group, the Nov. 1 race marked another act of volunteering, a commitment that began at the height of the COVID-19 pandemic when volunteers were in short supply.

Before becoming a marathon runner, Timmerman supported the Bowery Mission's team from the sidelines. She eventually joined the runners herself, combining her volunteer work with a new personal challenge.

The marathon also brings out a friendly international rivalry. Australian and French volunteers form teams to compete in fundraising and running, and the French team claimed its first victory in 2025. This year, the teams helped the nonprofit raise over $265,000, with the Australian team holding a narrow fundraising lead.

Training has become a way for Timmerman to spend time with clients and colleagues outside the office. Clients have joined her for runs, while colleagues have trained alongside her during work travel and supported her marathon efforts.

"So many friends, colleagues and clients came out to cheer us on, while others followed the team from abroad," Timmerman said. "NYC has unmatched energy on marathon day, and it's always amazing to see the city come together. Our marathon team is so grateful for the support as we continue to raise awareness and funds for The Bowery Mission's work to serve New York's most vulnerable."
